

# CITB SITE SAFETY PLUS

SITE SUPERVISION SAFETY TRAINING  
SCHEME REFRESHER (SSSTS-R)

# CITB Site Safety Plus Site Supervision Safety Training Scheme Refresher (SSSTS-R)

## Location

London & Birmingham classroom based: £195.00

Online: £150.00

## Course Overview

Our one-day refresher course is exclusively designed for delegates who have previously successfully completed the two-day Site Supervision Safety Training Scheme (SSSTS) course.

The primary objectives of this refresher course are to ensure that delegates' health and safety knowledge remains current and to provide a comprehensive understanding of the legislative alterations and their implications in the workplace.

This course encompasses a diverse array of topics that have been influenced by shifts in procedures, thereby enhancing and expanding upon the material covered in the original SSSTS course.

## Who is this course for

For those who hold a valid SSSTS certificate or SSSTS certificate

## Course Content

On completion of this course you will be able to:

- Implement all updated health, safety, welfare and environmental legislation affecting your supervisory role
- Implement new guidance and industry best practice affected by changes
- Fulfil your responsibilities regarding health, safety, welfare and the environment.

Certification for this course maintains its validity for a duration of 5 years. To uphold your certification in this field, it's essential to complete a refresher course before the expiration date.

## Assessment / Examinations

To successfully achieve this course delegates must pass both the multiple choice exam paper at the end of the course and the trainer review.

## Entry Requirements

The refresher course is only for delegates who have previously passed the two-day Site supervision safety training scheme (SSSTS) course and can provide proof of successful attendance. Previous passed 2 day SSSTS certificate must not have expired before taking this refresher course.

## Duration

1 day - delegates are required to complete the full day (7.5 hours) to be eligible for certification

## Progression

A natural progression from this course would be to attend the Site management safety training scheme (SMSTS) course or to attend the Site environmental awareness training scheme (SEATS) course, which is aimed at supervisor level.
